**Did you know?** The City of Mayfield governs over 10,000 residents, including adults and kids—now that's a big responsibility!

# Welcome to City Hall

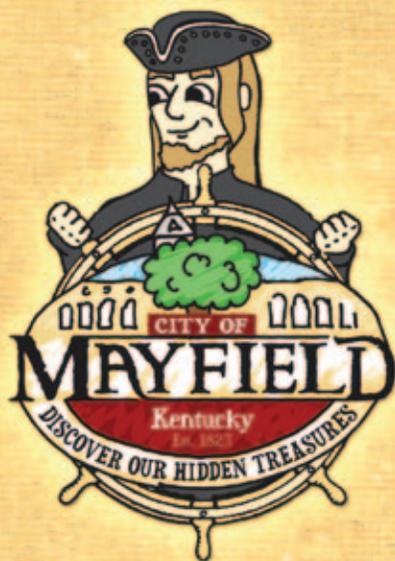

The heart of every city's government is its City Hall. Mayfield's City Hall is located downtown at 211 East Broadway. Now that you've learned about some of the people that work in City Hall, you know it's a busy building! City Hall is also a place where visitors and residents can come to find out more about Mayfield.

# Keeping Mayfield On Track

Meetings are held at least once a month at City Hall. During City Council meetings, the Mayor, City Council members, committees, and heads of each department come to talk about making laws and report how the City is operating. Residents can come to most meetings to participate, too.
